Disclaimer

These guidelines are not and do not purport to be a legal interpretation of the Property Services (Regulation) Act 2011 or any Regulations made under that Act.

These guidelines may be updated from time to time and the most recent version will be available on the Authority's website www.psr.ie.

Introduction

This document is a guide designed to outline the requirements placed on licensees by the Property Services (Regulation) Act 2011 (the Act) and the Regulations made under that Act and how compliance with the legislation is assessed.

The requirements on property service providers as provided for under the Act, are assessed by the Authority as part of the Audit inspection process, (“Audit” in the remainder of this document).

Provisions relating to Improper Conduct and Offences under the Act are inspected by the Authority as part of this process. Each provision relating to Improper Conduct and Offences under the Act are clearly explained later in this will

To assist the Property Service Provider (PSP) in understanding and preparing for an Audit Inspection by an Inspector appointed by the Authority, this guide provides the necessary information and guidance concerning the process.

This guide provides information relating to:

- Background to Audit Inspection Process;
- A detailed outline of the Audit Inspection Process;
- An outline of Improper Conduct provisions as provided for in the Act;
- An outline of Offences as provided for under the Act; and
- Appendix 1 provides the meaning of the key terms in the guide.

Background to Compliance Audit Inspections as provided for under the Property Services (Regulation) Act 2011

Section 65(1)(a) of the Property Services (Regulation) Act 2011 (the Act) provides for undertaking, of Audit inspection, by the Property Services Regulatory Authority's (the Authority) on its own volition without having received a complaint against the licensee concerned.

An Audit inspection will be carried out generally once every four to five years or more frequent as deemed appropriate by the Authority to establish whether the licensee is in compliance with the Act.

This Guide is an outline only of the procedure which the Authority adopts in conducting an Audit inspection. Licensees are advised that the Guide outlines the opportunity provided by the Authority for PSPs to make submissions in relation to the draft report following the Audit inspection. Submissions received from licensees may influence the final report submitted by the Inspector to the Authority who will consider whether the Licensee has complied with the Act and whether sanction is appropriate.

An Audit inspection will generally concern itself with a number of matters on which the Authority wishes to establish the compliance by a licensee with the Act and with Regulations under the Act. The Audit inspection will be carried out by an inspector appointed to conduct the inspection. Due to the current COVID 19 pandemic it is not possible to visit the place of business to conduct the Audit, therefore the Audit will be undertaken remotely and licensees will be required to submit a number of documents electronically.

Steps in the Audit Process

Contact with licensee

1. The Inspector will make contact with the Licensee by telephone setting out the Audit procedure. It will also focus on the firm's business, processes and procedures and will assist the Inspector to gain a better understanding of the operation of the business.
2. Shortly after the phone call The licensee will receive an email via the Sharefile system, confirming the Audit is taking place and included in the email will be the following documents relevant to the Audit Inspection
 - i. Confirmation Letter which sets out details of the documents to be submitted to the Inspector
 - ii. Document outlining the "Matters to be considered as part of the Audit"
 - iii. Part 7 and Part 8 of the Act
 - iv. Remote Audit Guide
3. The licensee will then receive a second email providing them with access to Sharefile, where they must upload the requested documents within **14 days**.

Review of documents submitted

4. The Inspector will examine and review the documentation, submitted by the licensee. Additional information will be requested during the course of the inspection which the licensee must submit using the Sharefile process.
5. Once the inspector has completed his/her examination of the documents in full, the licensee will be required to facilitate a phone from the Inspector to conclude the Inspection. This call will be organised in advance, and will be approximately one hour's duration.

During this phone call, the Inspector will engage and discuss with the Licensee their findings. The Licensee will be afforded the opportunity to respond to and address all issues in the first instance. The Inspectors will give due consideration to any explanations provided by the Licensee in relation to these issues. The

Inspector(s) will as a matter of course, take notes and Licensees may wish to take their own notes of these discussions. Licensees are encouraged to seek clarification on any issues in relation to which they are unsure or where further clarification is required. This phone call is designed to support and assist the Licensee with compliance.

Draft Report

6. When the inspector is satisfied that all matters relating to the Audit have been fully considered, the inspector will prepare a Draft Report (S68(1)(a)). A copy of the Draft Report will be provided to the licensee together with a copy of section 68 of the Act and a notice inviting the licensee to make a submission containing their observations, comments and or actions undertaken in respect of the draft report within **30 days** of receipt of the draft report(S68(1)(b)).

This is an opportunity for the Licensee to seriously consider the findings of the Draft Report and to inform the Authority of any actions undertaken in addressing the issues identified at the wrap up phone call or on receipt of the Draft Report. It is in the interest of the Licensee to make a submission to the Authority addressing the findings of the Draft Report. Any submission relating to the Draft Report received will be taken account of by the inspector(s).

7. In the absence of receipt of a submission 30 days after being invited to do so the inspector may consider that the licensee does not wish to make a submission on the Draft Report.
8. After the period for receiving submissions has elapsed the inspector will consider the submissions (if any) and update the Draft Report accordingly.

Final Report

9. The Draft Report, where amended based on any submission received, is the Inspector's Final Report. The inspector will submit the Final Report to the Authority (s.68(2)). Where the Inspector has identified a breach of the Act or

the Client Moneys Regulations and is satisfied that improper conduct by the licensee has occurred or is occurring, they may not express an opinion as to the sanction that he or she thinks ought to be imposed on the licensee.

Decision

10. The Authority, having considered the inspector's final report (and any submissions received), has the following options available:-

- If satisfied that improper conduct by the licensee has occurred, may impose a minor sanction or a major sanction on the licensee as the Authority sees fit.
- If satisfied that improper conduct by the licensee has not occurred will notify the licensee that the compliance inspection has found the licensee in compliance with the audited sections of the Act

Where a sanction is imposed on a licensee, the notification will set out the sanction.

Information on Sanctions

A Minor sanction is:

- Advice;
- Caution;
- Warning;
- Reprimand;
- Any combination of the above

Right of Appeal – Appealing the Authority's Decision to impose a minor sanction

A licensee who has had a minor sanction imposed by the Authority can appeal against that decision to the Property Services Appeal Board within 30 days of receipt of the notification of the Authority's decision. The Property Services Appeal Board is an independent statutory body responsible for hearing appeals against certain decisions of the Authority.

A Major sanction is:

- Revocation of licence;
- Suspension of licence for a specified period;
- Payment of up to €50,000 into the Compensation Fund;
- Payment of up to €50,000 to the Authority towards the cost of the inspection;
- Payment of a penalty of up to €250,000 to the Authority;
- Any combination of the above.

Right of Appeal - Appealing the Authority's Decision to impose a Major Sanction

A licensee who has had a major sanction imposed on him/her can appeal against that decision to the High Court within 30 days of receipt of the notification of the Authority's decision (s70).

The Authority will, where a major sanction is imposed and an appeal against that decision has not been made within 30 days of notification, make an application to the High Court for confirmation of the decision (s71).

What will the Inspector Audit

As stated earlier a compliance inspection will generally concern itself with a number of matters on which the Authority wishes to establish the compliance by a licensee with the Act and with Regulations under the Act. The compliance inspection will be carried out by the inspector appointed by the Authority. The following sections of the Act may in part or in full form part of the Audit inspection to establish whether improper conduct has occurred.

Providing property services without a licence is prohibited

S28. In order to advertise to provide a property service or to be available to provide a property service, a person must hold a valid and current licence issued by the Authority to provide that particular property service. Licences fall into four different categories

- (a) the auction of property other than land,
- (b) the purchase or sale, by whatever means, of land,
- (c) the letting of land (including a letting in conacre or for the purposes of agistment), or
- (d) property management services, and the licensee must hold the appropriate licence for the property service offered.

It is worth noting that property management services (category (d) licence) does not refer to the management of a letting on behalf of a landlord. Property management services, within the meaning of the Act, is typically the management of multi-unit developments (apartment blocks or other managed residential developments) on behalf of an Owners' Management Company.

Employees and principal officers may not provide property services on their own behalf or on behalf of a property services employer unless licensed to do so - an employee or a principal officer can only provide property services on behalf of the property services employer named on the employee's/principal officer's licence. The employee/principal officer can be licensed to provide property services on behalf of more than one property services employer and a separate (employee/principal officer) licence is required for each employment.

(Note: "property services employer" can be a company, a partnership or a sole trader and will be referred to as "employer" in the remainder of this document.)

In cases where an employee/principal officer has taken up new employment, an employee/principal officer must surrender his/her licence and request that the licence be amended to reflect a new employment. A Change of Property Services Employer request must be made through licenses.ie. There is no fee for this amendment and the amended licence expires on the same date as the surrendered licence.

An employee/principal officer cannot be licensed to provide a property service which the employer is not licensed to provide e.g. a company is licensed to provide services (b) and (c) then an employee cannot be licensed to provide services (a) or (d) on behalf of that company.

Notification to the Authority of Changes to the Register

S29. The Authority publishes a register of licensees known as the Register of Licensed Property Services Providers (the Register). A licensee is obliged to notify the Authority of any error that the licensee knows of in the entry on the Register which relates to the licensee. A licensee is also obliged to notify the Authority of any change in circumstance that is likely to have a bearing on the accuracy of the entry on the Register and also to any relevant changes since being licensed. A notification must be sent to the Authority as soon as possible after the licensee becomes aware of the error or the change in circumstance.

Display and Production of Licence

S37(1). An Independent Contractor, a Sole Trader, a principal officer or an employee must have their licence in their possession when providing the property service they are licensed to provide and must produce it for inspection when requested **by any person** to whom the licensee is providing the licensed property service.

Each of the licensees to which this applies has been issued with a credit card sized licence which bears the licensee's name, photograph and the property

services that they are licensed to provide. In the case of employees/principal officers the name of employer on whose behalf they are licensed to provide those services is included. This credit card sized licence will be referred to as a “personal licence” in the remainder of this document.

S37(2). A licensee must:

- (a) conspicuously display their Business licence (Green A4 sized licence) in their principal place of business; and
- (b) conspicuously display their duplicate Business licence in any other place of business. This licence to be made available for inspection on request by the Inspector. The Authority issues duplicate licences for this purpose (there is no fee payable for duplicate licences). It is not acceptable to copy a licence for one premises and display it at another.

S37(4). A licensee must produce their licence for inspection on request from an inspector (appointed under the Act) and allow the inspector to examine the licence. This provision is in addition to the requirement under S37(1). The licensee is not required to be providing a property service at the time of the request by the inspector.

S37(5). All advertisements (including print, web advertising and business website), business correspondence (including invoices, receipts and business letters) and signs (including boards and directional signage) must contain the licensee’s licence number (the six digit licence number of the employer/independent contractor. As best practice, business cards should contain the Licensee’s licence number.

The licence number must only appear when the licence is in force and no impression should be given by unlicensed businesses that they are licensed by the Authority.

S37(6). When conducting an auction which is not at the licensee's place of business (e.g. carrying out an Auction on the premises being sold or at an auction conducted in a Hotel) the licensee must display their licence (the A4 sized green licence) at the auction venue.

S37(7). When an auction is being conducted by a principal officer or an employee of a licensee, in addition to the business licence, the relevant licensee must display the licence held by him or her at the auction venue. This requirement applies regardless of the venue.

Letter of Engagement/Property Services Agreement

Letters of engagement are a cornerstone of providing clarity between the licensee and the client. They become property services agreements when signed by licensee and client.

S43(1) A licensee who is providing a property service is required to provide a signed letter of engagement (two copies) to their client within 7 working days of starting to provide the service. The client must return the signed Letter of Engagement within 7 working days after the expiration of the date the licensee signed the document. "Letters of Engagement" are available on the Authority's website www.psr.ie. (The client to be advised to sign and retain the second copy for their own records.)

S43(2) If a licensee does not receive a signed copy of the Letter of Engagement from their client within 7 working days immediately following the expiration of the 7 working days from the date the licensee signed the document they must cease providing the property service originally agreed.

S43(3) Amendments to a property services agreement must be agreed between the licensee and the client and an amended agreement (two copies) signed by the licensee must be sent to the client. The client must sign and return the amended LoE or the proposed amendment does not come into force.

Retention of Records by licensee

S44. Licensees are required to keep appropriate records for not less than 6 years after they have provided the property service to a client.

Professional Indemnity Insurance

S45 A licensee who is an Independent Contractor, Sole Trader or a Company, must have in place Professional Indemnity Insurance which satisfied the requirements of S.I. 182 Professional Indemnity Insurance Regulations. – Minimum level of cover €500,000 – Defence costs in addition.

Advised Market/Letting Value

S55. The AMV/ALV advertised in any form must not be less than the AMV/ALV quoted in the Letter of Engagement

Provision of Financial Services

S60. Where a licensee provides financial services to prospective purchasers they must complete Forms PSRA/S60(P) for the purchaser and PSRA/S60(V) for the vendor to advise each party of the fact.

Retention of Records for Sale of Land (not by auction)

S61. Licensees are required to keep appropriate records, including records of offers and of conditional acceptances, for at least 6 years where land is offered for sale other than by auction. Record of Offer Form – PSRA/S61-2016 is available on the Authority's website.

Continuous Professional Development (CPD)

S81. A licensee is required to complete 5 hours CPD in a calendar year. Currently the providers of CPD are the Society of Chartered Surveyors in Ireland (SCSI) and the Institute of Professional Auctioneers and Valuers (IPAV). Non completion of CPD is improper conduct under the Act.

(Client Moneys) Regulations 2012 – S.I. No. 199 of 2012

These regulations place obligations on licensees in relation to Client's Money. Compliance with these Regulations is confirmed, in the first instance, by an accountant in the context of a new licence application and licence renewal applications (from employers and independent contractors). These Regulations apply to a Licensee

who is:

- (a) A property service employer, or
- (b) An independent contractor.

Client Funds - Requirement of Licensees

ANTI-MONEY LAUNDERING

In 2016 The Minister for Justice and Equality prescribed the Property Services Regulatory Authority (PSRA) as the State Competent Authority for property service providers for the purposes of Part 4 of the Criminal Justice (Money Laundering and Terrorist Financing Act 2010).

As the competent authority, the PSRA is tasked with monitoring property services providers who are described as “designated persons” and taking measures that are reasonably necessary for the purpose of securing compliance by property service providers with the requirements of Part 4 of the 2010 Act.

It is the responsibility of property service providers to interpret and to act in accordance with all relevant anti-money laundering legislation that applies to them.

The Authority in 2018 devised a Cash Origin form for the benefit of the licensee in respect of cash payments over €500. The aim of the form is to reduce the risk of anti-money laundering activity in the sector and to place the onus on the customer to declare the origin of the funds.

The following documents in respect Criminal Justice **Money Laundering and Terrorist Financing) Act 2010 as Amended** are available on the Authority's website www.psr.ie
