

Expired Licences

This is a list of former licencees whose licences have not been renewed for a variety of reasons (including ceased trading or not renewed). In other cases licensees may have changed business entity and are entitled to trade under another licence.

"Licence Type" in the far right column relates to the Property Service which the Licensee was licensed to provide. There are four different types, namely:

Licence Type A - The Auction of Property other than Land

Licence Type B - The Purchase or Sale, by whatever means, of Land

Licence Type C - The Letting of land

Licence Type D - Property Management Services

NOTES

* The legal definition of "land" is wide and includes buildings or structures of any kind on land.

* Property Management Services means the management of a Multi-Unit Development on behalf of a Management Body. It does not mean the management of a letting on behalf of a Landlord. Such service is covered by Licence Type C.

County	Licence No	Licensee Details	Trading Name	Class of Provider	Licence Expired On	Licence Type
